FISHERMEN NOTICE!

Fishing cannot be greatly improved until the Fish and Game Commission has more information available. One of the greatest needs is catch data. Sportsmen interested in cooperating to improve fishing are requested to mail a card to the Helena Office asking for a Fisherman's Log in which they may enter their catch records. Please do not make this request out of curiosity, but only if you are truly interested in cooperating by keeping an account of your catch records.

FISHING REGULATIONS
1960-1961

Effective May 22, 1960

To be in full force and effect through May 20, 1961, unless otherwise specified. All regulations, except state laws, are subject to change by the Commission. For up-to-date information, inquire of the local State Fish and Game Warden.

General state-wide provisions for limits, seasons, fishing hours, means of taking fish, etc., are specified below. Specific regulations are given herein under seven areas. The area in which you intend to fish may be determined from the map. The state-wide regulations which follow apply except where otherwise specified under area regulations.

SEASONS

All dates given are inclusive dates. Where dates specify an open season, fishing is closed throughout the remainder of the year. An open season is for all species unless otherwise specified. Only whitefish may be taken during the WINTER WHITEFISH SEASON allowed in certain area regulations.

HOURS OF FISHING

Regular fishing hours: Open from 5:00 a.m. to 10:00 p.m. Mountain Standard Time, in all waters including waters open entire year, unless otherwise specified.

Kokanee snagging, when permitted, will be open from 5:00 a.m. to 10:00 p.m. Mountain Standard Time, unless otherwise specified.

Set line fishing, when permitted, will be at all hours.

DAILY LIMITS AND POSSESSION LIMITS

Daily limit shall mean the numbers and/or pounds of fish that may be legally killed, captured, or taken during the legal hours of a day.

Possession limit shall mean the numbers and/or pounds of fish which may be in possession in any form, fresh, stored in freezers or lockers, salted, smoked, dried, canned or otherwise preserved at any time or in any place or manner.

One each of the following limits may be taken and possessed. No person shall take or possess more than the daily limit of fish unless otherwise specified. Weight limits to be computed by dressed weight with heads and tails intact, provided that two (2) fish may be caught regardless of weight limitation.

Limit Number 1. **Trout, Char, Salmon and Grayling:** Ten (10) fish not to exceed ten (10) pounds and one (1) fish.

Limit Number 2. **Whitefish:** Twenty (20) fish.

Limit Number 3. **Walleye Pike, Sauger, Northern Pike and Bass:** Fifteen (15) fish not to exceed fifteen (15) pounds and one (1) fish.

Limit Number 4. **Snagging of Kokanee** (sockeye salmon): The daily limit during snagging season designated under area regulations shall be thirty-five (35) fish and not more than two (2) days' limit will be allowed in possession.

Limit Number 5. **Non-Game Fish:** No limit.

GAME FISH

All species of the family Salmonidae (chars, trout and salmon); all species of the family Thymallidae (grayling); all species of the family Coregonidae (whitefish); all species of the genus Stizostedion (sand pike or sauger, and walleye pike or yellow pike-perch); all species of the genus Esox (northern pike, pickerel and muskellunge); all species of the genus Micropterus (bass).

NON-GAME FISH

All species of fish not listed under "Game Fish" are non-game fish.

MEANS OF TAKING

It is illegal to use more than one line with hook or hooks attached or more than one pole with one line to the pole, with the exceptions as provided for set lines. The single line or single pole with line shall be in hand or within immediate control.

Set lines shall not be permitted unless specifically stated under area regulations and no more than six (6) lines with no more than six (6) hooks per line shall be allowed per person.

Snagging of fish is unlawful at all times except as provided in specific area regulations under **Snagging of Kokanee.** Here snagging of kokanee with a combination of hooks shall be permitted.

Fishing for (or hunting of) carp shall be allowed with a bow and arrow. The use of crossbows and mechanical bows shall be prohibited.

SKIN DIVING AND SPEAR FISHING: See special regulations available from Montana Fish and Game Department.

Use or possession of minnow seines or traps, snares, or fish traps is unlawful unless specified under area regulations. Except a screen, not to exceed 4 feet by 4 feet, may be used to take sculpins (Cottus) for bait.

BAIT: It shall be prohibited for any person to transport, possess, and/or use for fish bait any fish, dead or alive, except as hereinafter provided under drainage area regulations. All waters of the state shall be closed to fishing with carp and goldfish. (This regulation shall not apply to the use of cut bait for fish bait nor to the use of commercially canned fish). In areas where sculpins (Cottus) may be used for bait, and may be taken with window screen or a piece of netting not to exceed four (4) feet in length.

It shall be prohibited for any person to introduce any food or substance that may concentrate or attract fish into any waters. (This does not prohibit angling for fish with legal lures and baits or placing bait inside hoop nets where hoop nets are permitted).

CLOSED WATERS

All waters operated by the Fish and Game Department and the U.S. Fish and Wildlife Service as fish hatcheries, rearing ponds, and the fish culture stations within the state shall be closed to fishing at all times. Unless otherwise specified under drainage area, National Wildlife Refuges are closed to fishing.

CHILDREN'S FISHING WATERS: Waters so designated in area regulations are closed to fishing during the entire year to persons thirteen (13) years of age and over.

BEAVER PONDS

Impoundments formed by beaver dams on a stream are governed by the same regulations as the stream.
